Capacity Release Overview

1.0 Overview

- ◆ Capacity Release - The temporary or permanent reassignment of a shipper's capacity, in whole or in part, under Rate Schedules TSS (Trans-Storage Service), FTS (Firm Transportation Service), FSS (Firm Storage Service), and FS1 (Firm Storage Service with Market Based Rates) as provided in Southern Star's Tariff Section 11 of General Terms and Conditions within the term of the shipper's underlying Service Agreement.
- ◆ Open access pipelines are required by 18 CFR §284.8 to offer the release of firm capacity as part of their open access tariff.
- ◆ Capacity releases are accomplished using standards approved by NAESB, adopted by FERC per 18 CFR §284.12, and incorporated by Southern Star.

Access and Security

2.0 Access & Security

- ◆ To place offers and bids for capacity on Southern Star's CSI website, users are required to have a login and password with capacity release rights in order to access the Customer Activities area of our website which contains the Capacity Release Menu.
- ◆ Access can be requested electronically by completing the CSI Access Form found under the Informational Postings area of Southern Star's CSI website under Electronic Forms.

Setting Up Capacity Release Offers

3.0 How to set up a Capacity Release Offer

Offers

To create an offer for released capacity: Under Capacity Release/Offers, choose the Create button in the top right corner.

The screenshot displays the Southern Star CSI website interface for Capacity Release Offers. On the left, a sidebar menu lists various options: Customer Activities, Nominations, Flowing Gas, Invoicing, Capacity Release, Offers (highlighted with a red arrow), Bids, Awards, Withdrawal Summary List, Recall, Reput, and Notifications. The main content area is titled 'Offer Search' and features two buttons: 'RETRIEVE' and 'CREATE' (highlighted with a red arrow). Below the header, the 'Offer Summary List' is shown with fields for 'Rel St Date' (12/05/2019), 'Offer No', 'Process Status', 'Rate Sch(Replacement)', and 'Loc Zn'. There are also sections for 'Releaser Data' and 'Bidder Data', each with a close button (X).

A. OFFER INFO – All Mandatory items will be highlighted in red.

- a. Under **Releaser Information**, Choose Releaser Prop Name and Rel Contact.

Under **Contract Information**, use the dropdown arrow to see a list of all firm contracts. (Only contracts that are able to be released will populate). Choose the contract from which capacity is to be released. The system will automatically populate the information specific to the selected contract. **NOTE:** The Rate Sch (Replacement) field will default automatically except when the release is from a TSS. Choose the replacement rate schedule type of FTS, FSS or TSS as well as the Location Zone, depending on the nature of the release.

- b. Enter the Rel St Date, Rel End Date. (The Rel End Date should be a “to date”. For example, a Rel End Date of 10/1/2019 would result in a release including gas day 9/30/2019 but not including 10/1/2019).
- c. For the Perm Rel Desc, & All Re-Rel use the dropdown arrow to choose the appropriate description from the list.

The screenshot shows the 'New Offer' form with the 'OFFER INFO' tab selected. The 'Contract Information' section contains the following fields:

- Rel K *: TA632
- Rate Sch (Releasing): FTS
- Rate Sch (Replacement) *: FTS
- Loc/QTI Desc *: Mainline quantity
- Loc Zn *: Market
- Prev Rel: 2
- Rel K St Date: 09/27/2006
- Rel K End Date: 10/01/2022
- Rel St Date *: 12/06/2019
- Rel End Date *: 12/13/2019
- Perm Rel Desc: Offer not made available for perman...
- Rel Type Desc: Temporary repackaged
- All Re-rel *: N

- d. Under **Pre-Arranged Customer Information**, use the dropdown arrow to choose the appropriate description from the list. **If the release is pre-arranged:** Choose a dropdown under Affiliate Indicator & Bidder Data to identify your bidder. **If the release is not pre-arranged:** No other fields will be required.

Pre-Arranged Customer Information

Prearr Deal Desc * Offer is subject to a prearranged deal	Affiliate Indicator * None
Bidder Data * 190 - Bluegrass Marketing Co. - 046700779	

e. **Bid Information:** Choose from the dropdown for the Bid Deal Desc: biddable or non-biddable. If biddable is chosen, addition fields will show up requiring information specific to the parameters of the bid. The Repl SR Role Ind must be filled out via the dropdown options. Bid Eval Ind Desc, Bid Eval, Bid T-brk, & Shorter Term will populate based on previous criteria. Bid Per St Date /Time will default to the current date. You may choose future dates as long as they follow the NAESB bid period requirements. The Prearr Match Date/Time and Bid Per End Time & Cap Awd Date will default automatically to the correct dates and times. The Rel Req Post Date/Time will default to current date and time once the offer is submitted. You may, however, enter your own NAESB required timeframes. You can save the offer at this point by clicking the “Save Offer” button in the top right corner of the screen.

Bid Information

Bid Deal Desc * Biddable deal	Repl SR Role Ind * Asset Management Arrangement	
Bid Eval Ind Desc Present Value	Bid Eval Bid Eval	Bid T-brk Pipeline's Tariff Reference
Shorter Term * Offeror will not accept less than full term		
Bid Per St Date 12/05/2019 3:29 pm	Bid Per End Date 12/06/2019 10:00 am	Prearr Match Date 12/06/2019 11:30 am
Rel Req Post Date	Cap Awd Date 12/06/2019 12:00 pm

OFFER INFO

RATE

QUANTITY/LOCATION

TERMS

Once all information has been completed, choose the **RATE** tab from the top menu ribbon to proceed to the next section.

- B. RATE:** The top portion will Auto populate with the applicable information.
- a. Use the dropdown arrow to choose the appropriate Rate Form/Type Desc:
 - b. Use the dropdown arrow to choose the appropriate Rel Acpt Bid Basis Desc.
 - c. The Mkt Based Rate Ind. And IBR Ind will automatically default to the appropriate information.
 - d. Use the dropdown arrow to choose the appropriate Min Rate Discl Des. if applicable.
 - e. The Surchg Ind Desc, Res Rate Basis Desc and Meas Basis Desc fields will automatically default to the correct information
 - f. Disc Ind field will default to "No Discount" if a discount does not exist. If a discount does exist, choose the appropriate option from the dropdown.
 - g. After completing the above fields, the Standard Rate fields will appear. Enter the appropriate information under the rate fields. Depending on the type of release, there may be more than one field to complete.

In the example below, it is a biddable pre-arranged deal, so a Min Acpt Rate and Rate Bid are required.

OFFER INFO	RATE	QUANTITY/LOCATION	TERMS
Offer No	Rel K TA632	Rate Schedule (Replacement) FTS	Rel Contact Curtis Price
			Rel St Date 12/07/2019
			Rel End Date 12/09/2019
Rate Form / Type Desc * Reservation charge only		Mkt Based Rate Ind No	
Rel Acpt Bid Basis Desc * Non-Index-Based Release - Absolute dollars and cents per unit basis		IBR Ind No	
Min Rate Disc Desc * Undisclosed	Disc Ind * No Disc	Res Rate Basis Desc Per Day	
Surchg Ind Desc Rate(s) stated include all applicable surcharges;no surcharge detail or surcharge total ...		Meas Basis Desc Million BTU's	
Standard Rate			
Rate Id	Max Trf Rate	Min Acpt Rate	Rate Bid
RES	0.146200	0.101000	0.120000

e. Once all information has been completed, choose the next tab from the top menu ribbon (Quantity/Location). You can also Save Offer at this point.

**If there are errors, you will see a list of all errors in a pop-up, an indicator on each tab where the error is occurring, and the field with errors will be Red.

C. QUANTITY/LOCATION

- The Avail Qty – K field will be automatically populated with the quantity available for release for the chosen contract. The Cycle field will default to the appropriate cycle depending on the dates chosen on the Offer Info page.
- Enter the appropriate quantity in the Max Offer Qty – K field.
- Use the dropdown arrow beside Rel Sr Less Qty to choose the appropriate information. If “Y” is chosen, complete the appropriate information for the Min Offer Qty K field and (if prearranged) the Bid Qty –K field.
- Choose the appropriate information for the RAPP Desc field by using the dropdown arrow.

- e. Once all of the above information is completed, the Locations screen will appear. Enter the appropriate information related to the quantities by location under all fields required. In the example below, it is a prearranged, biddable deal with the agreement of the releasing party to accept a lesser volume. Therefore, a Max, Min and Bid Qty are required.

- f. Once all information has been completed, you can choose the Save Offer button to save the offer for future submission or you can proceed to the next tab (Terms) from the top menu ribbon. Again, if there are errors, you will see a list of all errors in a pop-up, an indicator on each tab where the error is occurring, and the field with errors will be Red.

D. TERMS

- a. Use the dropdown arrow to choose the appropriate information for the Rel Sr Contng field. If "Y" is chosen, the Contingency End Date/Time fields as well as the Releasing Shipper's Contingency Terms field will appear. Choose or enter the appropriate information for those fields.

- b. Under Recall/Reput Desc, use the dropdown arrow to choose the appropriate information. If any form of recallable is chosen, the Recall/Reput Terms field will appear as well as the Business Day and Cycle Indicator fields. Choose or enter the appropriate information for those fields. Option to use the dropdown arrow in the “All” field to choose Y or N to auto-populate all the following fields, Business Day Indicator, Recall notif Timely, Recall notif EE, Recall Notif EVE, Recall notif ID1, Recall Notif ID2, Recall Notif ID3.
- c. For the Stand-alone offer field. If “N” is chosen, the Not a Stand Alone Offer terms fields will appear. Choose or enter the appropriate information.
- d. If there are any Special Terms, Indemnification Clauses or if the agreement has an AMA relationship, complete the related fields with the appropriate information.
- e. Once all the above information is complete, choose the “Save Offer” button to save the offer for future submission or the “Submit Offer” button to submit immediately. If there are errors, a list of all errors will appear, and an indicator on each tab will show where the error is occurring. The field(s) with errors will display in red. Correct the error(s) and choose the Submit button again.

- C. Once the Recall Arrow has been chosen, the first screen is the “Detail” tab and displays the offer information. Review this information to make sure that it is correct. All data on this first page will be un-editable and only for your review. To continue to the reput information, choose the “Reput” tab at the top of the page in the gray bar. The only fields that can and must be filled in on the reput tab are: **Reput Reason**, **Reput St. Date**, **Reput End Date**, **Reput Notice Qty**, **Receipt Reput Qty**, and **Delivery Reput Qty**.

Withdrawing Bids on Capacity Release

7.0 Withdrawals of Bids

- A. To withdraw a Bid, search for the bid under the My Bids search screen. Click on the Eye Icon to view the Bid. From the first page of the Bid screen, choose the Withdraw Bid button in the top right-hand corner.

The screenshot shows the 'View Bid' interface. At the top, there is a navigation bar with a back arrow, the title 'View Bid', and a 'WITHDRAW BID' button. Below the navigation bar are four tabs: 'BID INFO', 'RATE', 'QUANTITY/LOCATION', and 'TERMS'. The 'BID INFO' tab is active. It contains several input fields: 'Offer No' with the value '99020122', 'Rel K' with the value 'TA29280', 'Releaser Data' (redacted with a black box), 'Bid No' with the value '99018998', 'Repl SR K', and 'Rate Schedule (Replacement)' with the value 'FTS'.

A pop up “Withdraw Bid” and Warning box will appear for comments. Enter comments then choose Withdraw Bid in the bottom right hand of the box.

The screenshot shows a 'Withdraw Bid' pop-up window. It has a title 'Withdraw Bid' and a warning message: 'Warning: All active bids from this bidder for this offer will be withdrawn. This action cannot be undone.' Below the warning is a text area labeled 'Withdraw Comment' with the text 'please withdraw this bid'. At the bottom of the window are two buttons: 'CANCEL' and 'WITHDRAW'. A blue arrow points to the 'WITHDRAW' button.

If successful, a message will display at the top of the screen stating, “Bid withdrawn successfully”.

Capacity Release Awards

8.0 How to Utilize the Award Screen

- To search for awarded capacity, navigate to Capacity Release/Awards. Once on the Awards screen you can click Retrieve in the top Right corner and it will pull up all awarded capacity. You can also search by offer number, bid number, date range or by party by entering the search criteria and selecting the Retrieve button. You can view the award by clicking on the underlined Offer No. from the list.

8.0 Billing for Capacity Release Transactions

- How is the Billing handled for Capacity Release Transactions?
 - ◆ Shipper is billed rate at full volume then a separate line item credit is applied with the released volume and rate.
 - ◆ Replacement shipper is billed by Southern Star at the awarded rate and volume.

CSI Help Desk

10.0 CSI Help Desk

- ◆ Please contact us at the CSI Help Desk number (270-852-5123) with any additional Capacity Release questions.
-
